We are now packing Organic produce for Coles supermarkets across South Australia, Northern Territory, and Victoria, with 50% of the Organic produce we pack for Coles grown in South Australia.

To further underpin our ongoing commitment to Organic produce we recently received 'NASAA Organic – In Conversion' certification for our own farm, which has expanded distribution to include produce being sent to NSW Markets.

If you'd like to know more about what we have to offer including our product packing, distribution and coordination as well as additional services such as assistance with in-store merchandising, store layouts, sales analysis and training workshops, we welcome you to call Alan Brunato, our Organics Coordinator by emailing alanbrunato@mercorella.com.au or calling 0414 652 900.
