

Too much wine can give you a headache.

WINE & WOOD WAREHOUSE

Central to the Barossa, Clare Valley and McLaren Vale is our 2,400 square metre **WINE & WOOD** warehouse, purpose built by Mercorella Group and due for completion by June this year.

Not only is this vast storage facility an easy place to get to, it's also an easy place to get wine from: a very convenient location for domestic distribution.

WINE & WOOD might be a new name in wine storage; however we are well credentialed with our experience in storing, distributing and transporting fragile, fresh fruit both locally and internationally – ideal preparation for doing the same for fruit-in-a-bottle.

If you'd like to know more about our storage, distribution and transport activities and what we have to offer, please contact Geoff Joyce by calling (08) 8280 8150, mobile 0410 045 692 or by emailing geoffjoyce@mercorella.com.au

Mercorella Group earmarks new warehouse for wine storage and distribution.

One of the biggest headaches for most wine producers is finding a place to store their bottled wine before it's sold. It might be a hangover from the last vintage or even from previous years. It's too valuable to store just anywhere. But where?

What is needed is somewhere accessible for distribution that will look after the vintage – so it won't lose its value – but at a cost that won't eat all the profits.
