

Mercorella Group Expands Meat Distribution Business

Since September 2005 Mercorella Group have been handling the distribution activities for **Coles** Supermarkets Meat products throughout South Australia (metro & country), and Northern Territory stores. We are very pleased announce that we have now added **BILO** Supermarkets Meat category to our distribution portfolio.

Activities commenced on Monday October 9th which include "Pick and Pack" and "Flow Through" distribution of **BILO** Supermarkets boxed (cryvac) beef, lamb and pork products, fresh chicken, and chilled pet food throughout South Australia (metro & country), and Northern Territory stores.

To support Coles and BILO we have significantly extended (4 degree) DC operating capacity and introduced administration support infrastructure, providing further employment opportunities for our team – which we're delighted about!

For added reassurance we have also been accredited by PIRSA - Meat Hygiene Unit in Category 7 - Cold Storage, Meat Distribution and Transportation to handle and distribute fresh and cooked meat products, with our Distribution Centre complying with the Meat Hygiene Regulations and the Australian Standard for the Hygienic Production and Transportation of Meat Products for Human Consumption.

We take this opportunity to thank Coles and Bilo national and state teams for their effort in ensuring a smooth and successful implementation.

As we've always done, we will continue to seek new distribution opportunities and deliver professional and quality service in the spirit of our company Values.

If you'd like to know more about our distribution activities and what we have to offer, please contact Geoff Joyce by calling (08) 8280 8150, mobile 0410 045 692 or by emailing geoffjoyce@mercorella.com.au
